Pursuant to the Fair Housing Act, housing is intended for occupancy by at least one person 55 years of age or older per unit. Siteplans and community maps are conceptual in nature and are merely an artist's rendition. These maps are solely for illustrative purposes and should never be relied upon. The past, present, future or proposed roads, easements, land uses, conditions, plat maps, lot sizes or layouts, zoning utilities, drainage, land conditions or development of any type whatsoever, whether reflected on the site plan or map, or whether outside the boundaries of the site plan or map, may not be shown or may be incomplete or inaccurate. The past, present future or proposed roads, easements, land uses, conditions, plat maps, lot sizes or layouts, zoning utilities, drainage, land conditions or development of any type may or may not change in the future. It is not uncommon that any of the foregoing can change without notice to you. You should never rely on the accuracy of this map in making decisions relative to purchasing any property. We reserve the right to make changes at any time without notice. These planned future improvements are not currently under construction and are only planned for a future phase of the overall community. If developed as planned, they would be located in what is currently unimproved land that has not yet been mapped. Although they are proposed to be part of the master planned project in the future, it is not known when or if ever these proposed improvements may be constructed. The master plan for Heritage Solaire shown here has been filed with Placer County. The Plan shows proposed Units 1, 2, and 3. Only Unit 1 is currently under construction and being offered for sale. The master plan shows the currently proposed locations of planned future additional tracts. There is no assurance that the proposed master planned community will be developed and constructed as shown on the plan or when or if it may occur. The rendering and images of the proposed community and improvements for planned future phases of development are artist's renderings and are conceptual only. There is no assurance of further construction and development, or that the future phases and these proposed improvements will ever be constructed. Lennar Homes of California, Inc. License #728102.
